The design, architect fees, building licence and construction are all included in the price.
Built to a very high standard, this modern two storey design with 3 bedrooms and 3 bathrooms will have spacious terraces on both the upper floor and the main level to appreciate the views over the landscaped gardens, the swimming pool and the views beyond.
With a modern fully fitted kitchen + utility room plus a spacious lounge/diner opening to the terraced gardens, this family villa has all you could wish for; right in the heart of Javea.
There is also a double garage under the pool terrace.

This new dream villa with large pool in El Tosalet will be completed late 2023.
